Questions for Reflection and Application

1. Have you ever had a weight or burden taken off of you and carried away by someone? What was that like? Did you tell anyone about it?

2. When was the last time you told someone the good news about Jesus?

3. We often need reminders of how good the news we share is. What are some ways we can be reminded of the gospel (good news)?

4. Do you find it helpful that your job is not to convince people that the news is good, but just to share it?

5. The focus of John's evangelism was that people would behold Jesus? What are some of the things we mistakenly want people to behold?

6. Think of someone this week you can pray for and share the good news with. Ask someone to pray with you and who can follow up with you afterwards.

7. Remember that Jesus came that the good news would not only be shared but believed. He is very interested in people responding. You do not go alone.
