### **Questions for Reflection and Application**

1.) Can you think of a time you were so engrossed in something that you forgot about eating? How about in your service to the Lord?

2.) Read John 4:35. What does Jesus tell us about harvesting souls in this passage? Do you find this encouraging or discouraging? Why?

3.) How does Jesus challenge his disciples about the supernatural nature of the harvest?

4.) Read John 4:38. How might this verse encourage you when sharing the gospel?

5.) Jesus might be drawing from Amos 9:13 when speaking about the sowers and the reapers. Reading Amos 9:13 and John 4:35-38 together, are you encouraged in God's power to save? Is God calling you to "look... lift up your eyes, and see..." a fresh today? God has called you to be a sower and a reaper. How do these verses change your perspective? How do they influence the way you pray for the lost?
