Rivers Are Meant To Flow
John 7:37-39
Pastor Matt Kottman
March 24, 2019

1.) Expectation (John 7:37a)

2.) Invitation (John 7:37b)

3.) Commission (John 7:38-39)

Questions for Reflection and Application

1.) Read Ezekiel 47:1-9. Where is the source of this river? Read Revelation 22:1-2. Where is the source of this river?

2.) In Ezekiel, where does the river flow and what is the result (see vv.8-9)? In Revelation, what grows along the river?

3.) Rivers sourced in God flow with life. How do these two passages shed some light on John 7:37-39?

4.) John 7:39 tells us something about this river. Can you see the connection with John 20:21-22?

5.) On Sunday we compared living as a cul-de-sac vs a conduit. The cul-de-sac stays inward focused. The conduit works from the inward to the evangelistic outward. What are some ways we tend to live as a cul-de-sac to dam up the river? What are some ways we tend to live as a conduit that the river might flow?

6.) Are there any dams in your life you need to demolish, where you might be quenching the Spirit's flow?

7.) Spend some time thanking God for his abundance, and asking him to help you be a vessel that his gospel might flow forth and flood your relationships and spheres of influence
